REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a balloon catheter in combination with all the structural elements and functional relationships as claimed and further comprising a radiopaque wire marker which partially overlaps over itself in layers to form a coil. .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Applicant is requested to label the guidewire lumen with reference numeral 17 as originally filed. It appears that applicant may have inadvertently removed this reference numeral when replacing the drawings with formal drawings. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LoAn H. Thanh whose telephone number is (571) 272-4966. The examiner can normally be reached on Mon. - Fri. (First Friday off).
